in school education

Multiplier Event Madrid 15th March 2023

After the **Implementation of Art Ephemeral Projects**, in which all the teachers from different schools partners could developed Art Ephemeral Projects in each school with the students, we have celebrate the last activity of the project, the **Multiplier Event E1!!**

This event is one of the most important activities of the project for two reasons: one, because is a way to dissaminate all the activities

and the results of the project and two, the winners of all the ephemeral art contest could assis to the event to present their projects!.

During this event we had the opportunity to share with the assistans **all the results of the project:**

- ARTEPHEMERAL GUIDE FOR SCHOOL EDUCATION.
- Projects developed by the students.

✿ Garden of memory ✿

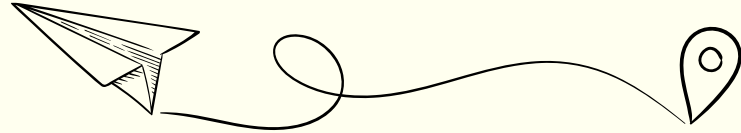

To close the Multiplier Event and, symbolically, all the project, we decided to make an activity called the **"Garden of Memory"**, in which all the participants had the opportunity to create a flower or a tree in memorial of all victims of COVID-19. It was a very emotional moment, here you can see some pictures.

Students Exchange Mobility

The **winners of each ephemeral art competition** carried out in the educational centers were **awarded a mobility activity to present their projects at the multiplier event.** They also had some time for sightseeing and other cultural activities. They enjoyed a lot their time in Madrid and was a very good opportunity to share and express themselves through ephemeral art.
